SUMMARY

Passionate and detail-oriented Odoo/Python Developer with 4+ years of hands-on experience designing, developing and implementing customized Odoo modules and solutions.

Proficient in Python and adept at leveraging the Odoo framework to optimize business processes across sales, inventory, manufacturing, accounting, POS, website and HR, working with clients in the US and Europe.

KEY HIGHLIGHTS

- **Version Migrations:** Migrated production systems to Odoo 16 and from Odoo 16 to 19, and ported apps across Odoo 13 to 19.
- **Shipping Integrations:** Integrated FedEx REST, DHL Parcel and Sendcloud for labels, combined shipments and weekly deliveries.
- **Inventory & Manufacturing:** Built warehouse PWA, supplier and multistation React apps, plus inventory reconciliation and work-order costing checks.
- **Barcode & Devices:** Delivered ZPL barcode labels, QZ Tray printing and ZK biometric attendance integration.
- **Sales, Invoicing & Reports:** Customized sale order flows, invoice and PDF templates, tax handling and client-specific reports.
- **Quality & Support:** Tested and documented Odoo 19 workflows, fixed an EDI security vulnerability and resolved customer-care tickets.
